ABOUT SCHOOL

TERAPANTH JAIN VIDYALAYA established & managed by Terapanth Educational & Medical Trust, a Public Charitable Institution is a premier co-educational English Medium School in Sowcarpet, Chennai. It was started on 18th June 1990 to fulfil the long cherished dream of the locality and to render quality education to the children.

TJV on an extensive land of 10 grounds has a modern campus designed to provide a learning and the living environment that would meet the academic, developmental, social and sports needs of students. The school is ambitious and has a grandiose plan for the future.

Over the years the school has progressed into an avant-garde one, with excellent teaching methods and latest equipments and the onward thrust has found expression in the trail blazing academic achievements of the students.

TJV is a strong institution staffed by highly qualified teachers. Our fully equipped laboratories are second to none with the atmost modern equipments and facilities. The School Library too boasts of an impressive collection of books. The School has adopted its curriculum based on the "Samacheer Kalvi" Syllabus of Tamilnadu

"VIRTUE IS KNOWLEDGE"

The motto of our school underscores the integral connection between education and discipline. This foundational principle has been instrumental in our journey, propelling us to achieve noteworthy milestones. We are committed in nurturing virtues to our students , recognizing them as valuable assets poised to contribute meaningfully to the society.

OUR VISION

➤ Pursuit of excellence, experiential learning, dedicated commitment towards quality education with an Indian Orientation.

➤ The education which aims at the flowering of the child's physical, emotional, mental and spiritual skills to produce ideal members of society with competent and balanced personality.

OUR MISSION

➤ Our aim is to help a child realize his own unique potential, leading to an increasing satisfaction and success in individual living as also collective living, socially, nationally and internationally.

➤ Our endeavour is to impart education, which looks beyond the frontiers of formal education. It is in fact a preparation for lifelong learning.

INFRASTRUCTURES

COMPUTER LAB

Computer science was introduced into the school curriculum with the intention of accelerating a creative interest in modern technology and scientific knowledge. It is fully equipped with the latest state of the art, computer software, hardware and networking. It is actively used under the guidance of well qualified and experienced staff for imparting computer skills and knowledge to the students.

SCIENCE LABS

The school has well equipped science labs for physics, chemistry and biology with the latest apparatus to accommodate the students at a time. The basic purpose of the lab is to motivate children to convert their imagination into reality and to prepare them for life by instilling an approach to analyze problems and find solutions on their own.

MATH LAB

The apt place to experiment & explore Math Practice, a programme designed to improve students' conceptual understanding of Math through commonly available everyday material. This hand-on involvement encourages divergent and lateral thinking and therefore innovation in daily life.

DIGI CLASSROOMS

Our classrooms are converted into technology-enabled smart classrooms equipped with interactive Digital Board Systems. A powerful Smart Class Application Engine allows teachers to view and plan relevant digital content for their classroom sessions as per the syllabus. Thus, the students are given maximum chances to develop into challenging humans in this world.

LIBRARY

The School has a well-stocked, spacious library to quench the children's intellectual craving. The library helps the children to upgrade and update their knowledge and reinforce their classroom learning. The treasure trove of our library are illustrated encyclopedias, books, story books, selected daily newspapers weekly and monthly magazines and periodicals.

CO-CURRICULAR ACTIVITIES

Our teachers encourage learning beyond the prescribed curriculum by conducting various programmes and techniques to create a better classroom environment. We believe that group activities help children to develop their communication skills and improve their interpersonal relationships. Collaborative learning techniques are used to improve team-building skills such as organization, delegation, negotiation, teamwork, cooperation and leadership. Few initiatives are as follows:

PRATIBHA INTRA - SCHOOL COMPETITION

An elaborate session of exciting competitions covering all the aspects of art, creativity, mind blowing talents of youngsters, being judged by eminent artists and professionals.

KARUNA CLUB

The Karuna club of our school enlightens the students to be aware of the surroundings, promote universal brotherhood and respect to all beings and awaken the inherent love, kindness and compassion towards all living creatures.

INTERACT CLUB

Interact club is a service oriented club of youth aged between 14 & 16. Every year we complete atleast two community service projects which cater to the needs of the society.

JWALA INTER - SCHOOL COMPETITION

Inter school competition in various activities are conducted and over all trophy is given to the winning school.

RSP, SCOUTS & GUIDES

RSP, Scouts & Guides are organized for the classes VI – IX to promote the feeling of selfless service to humanity and to provide an opportunity for the development of their personality and skill.

DIAGNOSIS

The diagnostic programme identifies the academic strengths and weaknesses, helping both students and parents to achieve a better understanding of learning need. Further the school and parents work together to bridge the gap.

LEARNING IMPROVEMENT PROGRAMME

The Learning Improvement Programme has been designed to help the students especially in cases of special need.

STUDENT COUNSELLING

We have student counsellor to instill exemplary characteristic traits and right values on our children, so that they become ideal citizens of our country.

SEMINARS AND WORKSHOPS

Seminars and Workshops are conducted for students and teaching faculty at regular intervals. Interactive seminars are conducted by eminent personalities.

JEEVAN VIGYAN - SCIENCE OF LIVING

To impart value based character moulding education the Jeevan Vigyan is catered from Class I to X.

YOGA

The Power of Yoga and Meditation has been incorporated in our curriculum from Class I onwards, leading to fitness of mind, body and soul.

HOUSE SYSTEM

To develop a sense of service, to inculcate team spirit, leadership qualities and also to encourage the spirit of healthy competition the "House System" is incorporated. Inter-house competitions are held from VI to XII in academics, Sports and co-curricular activities.

SPORTS FACILITIES

The school premises is nestled with a sprawling playground giving provisions for all kinds of sports and indoor games to train the students in multiple discipline of sports.

- ATHLETICS
- BASKET BALL
- KHO KHO
- BAND
- CHESS
- TABLE TENNIS
- BADMINTON

BUILDING FUTURE CITIZENS

At TJV, we have crafted an environment where students are always learning. This is not fueled simply by technology, but by offering an ever-evolving holistic education system, a school that offers all the facilities needed to bring out the best of every student, keeping their pace in mind. To help them go beyond academics and technical skills, we emphasize teamwork, critical thinking, creativity, communication skills and values so that children are prepared for the real world. As a result, we raise students to be capable of competing, innovating and taking their place in the world. A generation of smarter children for a brighter tomorrow.

**"EDUCATION IS THE PASSPORT TO THE FUTURE,
TOMORROW BELONGS TO THOSE WHO PREPARE FOR IT TODAY"**
